

Brig (Rtd) David Lynam MBE

Brigadier (Rtd) David Lynam MBE has some 40 years experience in Defence technology acquisition and capability planning and is currently working with the Saudi Arabian MOD on their Joint Cyber and Electro Magnetic Activity (CEMA) initiative. David served 30 years in the Army, serving in Northern Ireland, BAOR, UK and was the Hd J6 JFHQ for Op Granby and commanded the Air Support Signal Regiment. His final post was as the first Director Equipment Capability for CC&I and was part of the thought leadership behind Network Enabled Capability.

Since leaving the Army in 2002, David has held appointments in Lockheed Martin, was the IT Director for a branch of the FCO and also the CIO of AWE. He re-joined the MOD in January 2015 where he became the MOD's Director Service Development within what is now Defence Digital, responsible for the Fixed and Deployed portfolio of communications, security, information systems, intelligence, and software projects.

From Jan 2021 David has been advising the Saudia Arabian MOD and Security community on various C4I, CEMA, Cyber and ICT transformation initiatives.
