Nigel Shaw

Nigel Shaw is the Chief Digital Information Officer at Defence Equipment & Support (DE&S) within the UK Ministry of Defence, focusing on driving digital transformation across the organization. His role includes managing DE&S Digital, fostering capabilities in cloud computing, automation, analytics, and artificial intelligence, and enhancing digital literacy within the organization to improve overall operational efficiency

Nigel has been instrumental in championing smart working practices, especially during the challenges posed by the COVID-19 pandemic. His team was pivotal in supporting the Defence's operations during this time by facilitating remote work and advancing digital collaboration tools such as MS Teams and Jira

He frequently represents DE&S in conferences, discussing integration strategies, operational improvements, and the importance of digital innovation in warfare and logistics.
